

TIGHTENING THE COILS

Prosecution Busy Securing Evidence
Against Roland Molineux.

INDICTMENT SEEMS CERTAIN

Report of the Expert Now Making a
Chemical Analysis of Barnett's Ex-
humed Body Awaited by the
State and Defense.

New York, Feb. 28.—Roland Burnham Molineux, who was placed under arrest charged with poisoning Mrs. Kate J. Adams, as a result of the coroner's inquest, passed a comfortable night in the Tombs. He was visited by his wife, who has recovered her composure. Mrs. Molineux will doubtless take an important part in the trial, her relations with Barnett previous to her marriage being characterized by Colonel Gardner as the cause for the murder of that club man.

The evidence so far produced against Molineux is considered as ample to secure an indictment for sending the poisoned bromo-seltzer to Harry Cornish, which he innocently administered to Mrs. Adams. That, however, might not warrant conviction for murder in the first degree, as it cannot be shown that Molineux intended to kill Mrs. Adams, or even had ever heard of her existence.

A collateral issue of the coroner's inquest, however, was the death of Henry C. Barnett. Dr. Withaus has not yet made his report on the chemical analysis he made of the organs taken from Barnett's exhumed body. He may do it before the grand jury. Should his report prove what is generally expected Molineux may be indicted for the murder of Barnett. As it is now the warrant on which he is held does not mention Barnett's name, and merely makes him primarily responsible for Mrs. Adams' death.

Mr. Weeks, counsel for Molineux, said he would take no immediate legal action in his client's behalf; hence habeas corpus proceedings will not be resorted to. It was said at the district attorney's office that the present grand jury would not be called upon to consider the case of Molineux. The new grand jury, however, will be sworn in on Monday. It is understood that the entire staff of the district attorney is now at work on the Barnett poison case.

It was announced that Edward M. Rogers, husband of Mrs. Rogers and daughter of Mrs. Adams, would call upon District Attorney Gardner and make a statement. Mr. Rogers is a traveling salesman with headquarters at Buffalo, N. Y.

Only a Plume Canard.

Berlin, Feb. 28.—With reference to the statement published in foreign newspapers regarding the supposed action of the German warship Irene in the Philippine Islands and the alleged conduct of Rear Admiral Dewey, who, it has been said, threatened to sink the steam pinnace of the Irene, the minister of foreign affairs to the Reichstag declared these statements belong to the category of "plump canards." So far as he knew, the Irene was not in the Philippine Islands, but was at Hong Kong, and the only German warship at Manila was the Kaiserin Augusta.

Change in Plans.

Washington, Feb. 28.—The board of insular advisers to the war department, consisting of General Robert P. Kennedy, Major Charles W. Watkins and Hon. Henry G. Curtis, will sail on the transport Obdam direct for San Juan on Wednesday. A radical change in the plans of the board has been made, it being decided to confine the present trip of investigation to the island of Porto Rico, and not at this time proceed to Cuba, as had been originally planned.

New Spanish Minister.

Madrid, Feb. 28.—It has been reported here, though there is no official confirmation of the rumor, that Senor Don J. Brunetti Duc d'Arcos, former Spanish minister to Mexico, will be designated minister to the United States on the resumption of diplomatic relations. The report that Senor Polo y Bernabe, late Spanish minister at Washington, will go to Lisbon, is officially confirmed.

Boys Draw the Color Line.

Muncie, Ind., Feb. 28.—One hundred carrying-in boys struck because colored boys are employed in Ball Brothers' extensive flint-glass works. After a conference the boys still held out and the plant is closed. Sympathetic strikes are expected in other glass plants.

Inheritance Tax Valid.

Chicago, Feb. 28.—Judge Seeman, in the United States circuit court, decided in the case of Shirley T. High that the inheritance tax imposed under the war revenue act is constitutional.

SHOT THROUGH THE DOOR.

How a Young Farmer Wined a Mid-
night Marauder in His Home.

Carrollton, O., Feb. 28.—Clark Scott, a highly respectable farmer living 10 miles southeast of here, heard a man at midnight ransacking an up-stairs room of his dwelling. Scott emptied both barrels of a shotgun through the door panel. Forcing an entrance he found he had mortally wounded his cousin, Beatty Scott, who has served several terms in the Ohio penitentiary.

Massillon Miners Firm.

Massillon, O., Feb. 28.—William Morgan, president of the Massillon miners' union, has issued a call for a convention on March 15. He says that under no conditions will the miners of this district accept one cent less than the present price, which was agreed on for another year by the interstate convention, at which the Hocking valley was not represented. "We are prepared for a long and bitter struggle," he said, "to retain what we have gained."

Young Thomas For Governor.

Springfield, O., Feb. 28.—A political surprise of the day is the announcement in the local papers of the candidacy of Hon. W. S. Thomas, chairman of the Democratic state central committee, for the Democratic nomination for governor. Mr. Thomas is the son of Hon. John H. Thomas, who was defeated for the United States senate by Calvin S. Brice. Mr. Thomas is one of the wealthiest young Democrats in the state.

Shut Down the Plant.

Marletta, O., Feb. 28.—The offices of the Standard here under the name of the Argand Refining company, have pulled up all the office fixtures and moved to Parkersburg. The Argand company was an independent concern which recently sold out to the Standard, shut down the manufacture and made this a storage depository for Standard products.

Shipyards to Consolidate.

Cleveland, O., Feb. 28.—A meeting of representatives of the shipyards on the great lakes was held to discuss the proposed consolidation of shipyard interests. It is stated that the deal will undoubtedly be consummated, and that within 60 days the new organization will be in working order. Practically all the yards on the lakes will be in the combine.

Burke After Governor Jones.

Youngstown, O., Feb. 28.—State Senator Vernon H. Burke, of Cleveland, was here, and engaged Lieutenant Governor Jones to assist in the prosecution of his appeal against disbarment. Senator Burke declined to discuss the case, further than to say it would be carried to the highest court.

Fatal Fight of Schoolboys.

Canal Dover, O., Feb. 28.—At the Strasburg school house Walter Hartline, 13, and Charles Pingstock, 14, engaged in a quarrel. Pingstock was getting the best of the tussle when young Hartline pulled a knife and gave his opponent a thrust, the blade entering his left side, inflicting a fatal wound.

New Incorporations.

Columbus, O., Feb. 28.—The Seneca Tribe, No. 231, Independent Order of Red men, of Cincinnati; Manhattan Table company, Dayton, capital stock \$50,000; St. George commandery, No. 6, Knights of St. John, Akron.

Due to Slow Collections.

Rebel General Surrenders.

Managua, Nicaragua, Feb. 28.—General Reyes, the rebel commander, surrendered voluntarily to Captain Simmonds and Burr, respectively commanding the United States gunboat Marletta and British second-class cruiser Intrepid, who then landed 80 marines for police duty.

Fatality at a Fire.

New York, Feb. 28.—During a fire in an apartment house Mary E. Prouty, a widow, was instantly killed by jumping to the ground from her apartment on the fifth floor. Richard Hyde, a fireman, was slightly injured by falling three stories from a fire escape.

Nebraska Senatorship.

Lincoln, Neb., Feb. 28.—There were no changes in the vote for senator. It has been definitely decided to hold the Republican senatorial caucus, though Thompson, one of the leading candidates, is not entirely satisfied and may refuse to go into the caucus.

Tom Allen Goes Free.

St. Louis, Feb. 28.—Tom Allen, at one time heavy-weight champion pugilist of the world, who shot and killed John Conroy in the former's saloon, was acquitted by the coroner's jury. Allen's plea was self-defense.

To No Avail.

Harrisburg, Pa., Feb. 28.—The thirty-sixth ballot for senator resulted: Quay 85, Jenks 67, Dalzell 11, Stewart 7, Irvin 5, scattering and not voting 83.

ON NICARAGUA CANAL

Select Committee Will Hold Sessions
During the Recess.

SENATE PROVIDES FOR IT.

A Rost of Public Building Bills Pushed
Through the House, Despite
the Protests of the Dem-
ocratic Minority.

Washington, Feb. 28.—When the senate convened at 11 o'clock, Mr. Frye, chairman of the committee on commerce, reported the shipping subsidy bill with "a good many restrictive amendments." At his request it took the place on the calendar of the bill of the same title previously reported.

Mr. Morgan secured the adoption of a resolution continuing the select committee on the Nicaragua canal and authorizing it to hold sessions during the recess of congress. A partial conference report on the postoffice appropriation bill was agreed to. A number of bills of minor importance were passed.

PUBLIC BUILDING S.

House Favorably Passes Upon a Large
Number of Them.

Washington, Feb. 28.—There was a large attendance in the hall when the house met. The senate army reorganization bill, which came over from the senate, was, at Mr. Hull's request, immediately referred to the house committee on military affairs for consideration. Mr. Mercer (R., Neb.), chairman of the committee on public buildings and grounds, then called up the special order setting aside Tuesday for the consideration of public building bills.

The following public building bills were passed: Oakland, Cal., \$250,000; Elmira, N. Y., \$150,000; Hot Springs, Ark., \$78,000; Fitchburg, Mass., \$50,000; New Brunswick, N. J., \$100,000; Joliet, Ill., \$100,000; Brunswick, Ga., \$50,000; Cleveland, O., \$250,000; Topeka, Kas., \$85,000; Canton, O., \$15,000. Democrats protested against the alleged combination supporting these bills.

Adopted Gorman's Amendment.

Washington, Feb. 28.—After a contest that will be memorable in the history of the senate, the compromise army reorganization bill was passed. Gorman of Maryland insisted that his amendment providing that the army should not be increased permanently or beyond July 1, 1901, be incorporated in the measure. For several hours it appeared probable that his insistence at least would throw the bill over a day and perhaps defeat it. An agreement was reached finally, however, and Mr. Gorman's amendment, in a slightly modified form was accepted.

Ohio Centennial Bill.

Washington, Feb. 28.—It is doubtful if the bill appropriating \$500,000 to encourage the Ohio state centennial and northwestern territory exposition will get through the house. Mr. Southard is fighting hard to get consideration after the bill appropriating a similar amount for the Buffalo (N. Y.) exposition, but it was learned that a dash of cold water was thrown on the Toledo project by Speaker Reed. When the subject was broached to the speaker, he said: "Oh, Toledo can wait. The affair there doesn't come off until a year after Buffalo's."

To Consider Senate Army Bill.

Washington, Feb. 28.—Chairman Hull has called a meeting of the house military committee for Wednesday to consider the senate army reorganization bill. He gave it as his personal view and thought the committee also believed that the bill was irretrievably bad, but that it should be passed exactly as received and the responsibility placed on the senate.

Chairman Hull's Views.

Washington, Feb. 28.—Chairman Hull, of the house river and harbor committee, said that in his opinion it was better the whole river and harbor bill should fall than that the senate Nicaraguan canal amendment should pass as a part of it.

Presidential Nominations.

Washington, Feb. 28.—The president nominated John B. McPherson to be United States district judge for the eastern district of Pennsylvania, and William S. Warner receiver of public moneys at Rapid City, S. D.

Last Cabinet Dinner.

Washington, Feb. 28.—The last cabinet dinner of the season will be given by Secretary Long Wednesday evening on board the United States ship Dolphin, now lying at the navy yards dock.

Broncke's Death List.

Washington, Feb. 28.—The war department has received a telegram from General Brooke at Havana announcing the death of four privates in the military camps in Cuba.

CRISIS HAS PASSED

Rudyard Kipling Now Said to Have an
Even Chance of Recovery.

New York, Feb. 28.—Dr. Dunham said concerning Rudyard Kipling's condition: "There has been a more free respiration, and I hope the crisis has been passed." No new complications have set in, and there is a general feeling of hopefulness in the sick room.

It was said that Mr. Kipling's lung area available for breathing was at its minimum on Sunday night. It has increased considerably since that time. With this improvement the danger of coma and delirium passes away and hopes for recovery are increased. There is reason to believe that the clearing out of the lower lobe of the patient's right lung will continue steadily and that breathing will become so easy by the end of the tenth day of Mr. Kipling's illness that unless a relapse occurs his recovery is only a matter of time.

With a Shipwrecked Crew.

Dartmouth, Eng., Feb. 28.—The British steamer Garton, from Brunswick for Bremen, arrived here, having on board the second officer and six of the crew of the British bark Galatea, from Turks Island with salt, for Boston, reported on Feb. 18 to have been abandoned, dismasted and water-logged. The Galatea was abandoned on Feb. 15, at which time she was in a sinking condition. On Feb. 15 Captain Lewis, the chief officer, the steward, the stewardess and three seamen left her in an open boat, and are believed to have been lost.

Mrs. Botkin Granted a Stay.

San Francisco, Feb. 28.—Mrs. Cordelia Botkin, convicted of murder and sentenced to life imprisonment, has not yet gone to the penitentiary. Pending the completion of the bill of exceptions by her attorney, George H. Knight, her case is covered by different stays. Judge Cook will continue to extend the time until after the appeal is perfected, when he will grant a writ of probable cause, which will make the convicted woman's tenure secure until the supreme court, and probably the United States court, will have had their last say.

Where is the Crew?

Gloucester, Mass., Feb. 28.—The schooner Mondego, Captain William Corkum, arrived here, and brings news of the loss of the steamer Moravia, Captain Witt, which sailed from Hamburg Jan. 13 for Boston. Captain Corkum reports that he sighted the Moravia on the northeast bar of Sable Island broken in two. The place where she stranded is 12 miles from shore, and as nothing could be seen of the crew two days after, when Captain Corkum sighted the wreck, he thinks the men are probably lost.

New Army Veterans' Association.

Atlanta, Ga., Feb. 28.—A new association to be known as the Spanish-American War Veterans' association, is about to be formed and a call has been issued for a convention to be held in Washington Sept. 4, 5 and 6. The proposed association will have for its objects the wiping out of sectionalism, the promotion of closer fraternal relations, the fostering of a more unselfish patriotism, and the corporate enactment of legislation, in state and nation, in the interest of soldiers and the army and navy generally.

Torpedo Washed Ashore.

Washington, Feb. 28.—The following telegram was received at the navy department from Observer Gray, of the weather bureau at Norfolk: "Torpedo ashore at high water mark, two and one-half miles north of Coyner's Hills life saving station. In good condition, weighing about 400 pounds." It is one of the mines planted by the war department at the entrances of harbors at the outbreak of the Spanish war. The life saving keeper was warned to let the mine alone until the officials claim it.

Another Blizzard Raging.

Cheyenne, Wyo., Feb. 28.—The worst storm of the season so far as the railroads are concerned is raging in Wyoming. It is a blizzard of squally snowstorms accompanied by winds with a velocity of 60 miles an hour. All railroad cuts are filled and no trains are moving. The eastbound fast mail is snowbound at Laramie.

In a Receiver's Hands.

Chicago, Feb. 28.—The American Brewing company went into the hands of a receiver as the result of complications growing out of the Dreyer bank failure a year ago. The indebtedness of the brewing company is \$100,000 in notes and open accounts, and \$750,000 covered by the company's bonds.

Given Up For Lost.

London, Feb. 28.—The owners of the British steamer Picton, Captain Payne, which sailed from Newport News on Jan. 20 for Sligo and has not since been heard of, have abandoned all hope for her.

Pope Taken Suddenly Ill.

Rome, Feb. 28.—Pope Leo was taken suddenly ill Tuesday morning, and his audiences have been suspended.

JAPS AID THE REBELS.

Large Quantity of Arms and Am-
munition Landed on Luzon.

TEXT OF MADRID DISPATCH.

Spaniards Claim the Mikado Intends to
Act Toward the Filipinos as Uncle
Sam Did Toward the Cubans.
Situation at Manila.

Madrid, Feb. 28.—The "Reforma" asserts it has received letters from reliable sources at Manila saying that 30 cannon, 30,000 rifles and several million cartridges from Japan have been landed at Sual, on the Gulf of Lingayen, on the west coast of the island of Luzon, and about 100 miles from Manila, and have been taken thence to Malolos, the seat of the rebel government. Japan evidently intends to act toward the Americans in the Philippines as the Americans acted toward the Spaniards in Cuba.

DEMOLISHED A CHURCH.

Dewey Opens an Effective Fire on a
Band of Sanev Rebels.

Manila, Feb. 28.—There has been the usual desultory firing along various parts of the line, but the only casualties are Captain David S. Elliott, Twentieth Kansas volunteers, and a private of the same regiment. They were both seriously wounded. They were shot by the enemy's sharpshooters near Calocan.

The rebels at Malabon fired upon the cruiser Calloa from the jungle. Three shells were dropped by the monitor into the Malabon church, demolishing the structure and killing a number of rebels, who were inside.

A factory at Malolos is reported to be running day and night to supply ammunition for the insurgents.

The cruiser Charleston and the gunboat Concord have gone on a ten-days' cruise, presumably looking for filibusters. It is believed that arms are landed in small quantities at northern ports.

Preparing For the Wet Season.

Washington, Feb. 28.—With the approach of the rainy season in the Philippines, a notable increase in the sickness among our troops may be looked for. The city of Manila and vicinity are comparatively healthy, and the troops remaining there, with reasonable care, may be expected to get along fairly well. Outside of the city conditions are not encouraging, and are favorable to malarial and similar indispositions. The medical force now on the island is believed to be sufficient for ordinary purposes, and to meet demands of the future reinforcements are being hurried there. The hospital ship Relief will sail from New York direct for Manila by the Suez route in a day or two with medical supplies, 150 picked men from the hospital corps and about 10 doctors.

Uncle Sam Will Protect Them.

Washington, Feb. 28.—At the instance of the German government the president has consented to take under the protection of the United States army and navy commanders at Manila and at other Philippine points, the lives and property of German subjects resident there. The explanation of this movement is the wish of the German government to release such German war vessels as are now stationed in the Philippines for service on the Chinese coast, where they are believed to be needed.

Reassuring News.

Washington, Feb. 28.—The fact that General Otis finds it possible to spare men to go to other islands of the Philippine group outside of Luzon is taken by the officials as the most reassuring indication that has come to the department lately. It is said at the navy department the definition of the phrase, "for political reasons," is not known, as the admiral himself has given no explanation, and nothing has since developed that throws any light on the question.

Did Not Fire on the Germans.

Washington, Feb. 28.—It is said at the war and navy departments that there is no truth in a rumor set afloat that Dewey had fired on a German vessel. The war department says Philippine affairs are reassuring, and the navy department says there is no probability that additional ships will be ordered to reinforce Dewey.

Otis Communicates.

Washington, Feb. 28.—The following cablegram was received at the war department from General Otis: "Battalion of Twenty-third infantry sailed for Cebu on the 26th. Battalion of California volunteers sails for Negros. Everything quiet here for the past three days."

Oregon Off.

Honolulu, Feb. 28.—The battleship Oregon, accompanied by the collier Iris, sailed for Manila Feb. 20.

Wonder how some of the gentlemen who profess to believe that there was nothing the matter with that canned beef would like to use it themselves for a month or such a matter?

The Public Ledger is decidedly mistaken in the statement it published Tuesday in regard to the Louisville Dispatch. The "free silver organ" is not in the hands of a receiver, and is not likely to be any way soon, if ever. The efforts of certain "gold bug" shysters and tricksters to wreck the paper have not proved successful.

There seems to be a disposition among Lewis County Republicans to ignore the edict of the Boss. The "suggestion" by the Vanceburg Sun of W. B. Pugh for State Senator is not received favorably by the other aspirants and their friends. Hon. A. Dud Pollitt and Dr. Bowman are both being urged to enter the race. Put your money, however, on Congressman Pugh's nephew, if you put it on any one.

Two of the Democratic candidates for Governor should at once call a halt on some of their editorial supporters. It should be remembered that the contest for the nomination is a party fight, and all animosity and bitterness should be eliminated. There is danger of the candidates becoming involved in such a wrangle that party success will demand that they be "laid on the shelf."

SENATOR PETTIGREW in speaking of resolutions recently adopted by the Legislature of South Dakota, gives warning to the g. o. p. leaders, "that the people of South Dakota at least are preparing to leave the Republican party, as they differ from it on every principal on which it is founded." He says "these resolutions indicate the drift of Republican sentiment in the West, which is opposed to the policy of imperialism, the policy of expansion and the policy of plutocracy."

HON. C. B. POYNTZ

Will Enter the Congressional Race if Pugh Should be Appointed Federal Judge.

[Enquirer.]

Col. A. Fox Respass, of Maysville, Ky., who was for a number of years in the State Auditor's office at Frankfort, was at the Emery.

"If Judge Pugh, who holds the certificate of election to Congress from our district by eleven majority, is appointed Federal Judge to succeed Judge John W. Barr, resigned," said Col. Respass, "Hon. Charles B. Poyntz, of Maysville, will immediately announce himself a candidate for Congress, and we have no doubt whatever that he will be nominated, as he is well known throughout the district and very popular. He has no enemies, and would go into the race with no handicap of any description. He has had valuable experience in public affairs which would fit him to start off advantageously at once in the discharge of congressional duties, having served with credit as State Senator and State Railroad Commissioner. He is in the full vigor of young, matured manhood, and is a party worker who deserves recognition at the hands of his fellow Democrats. Give him the nomination and there will be no trouble about his election. Judge Pugh is a prime favorite with President McKinley, and to be appointed Federal Judge is the ambition and pride of his life. Besides, his father-in-law, ex-Congressman Morgan Thomas, now Solicitor of the Internal Revenue at Washington, stands close to the Administration and will be a potent backer."

River News.

The Stanley is due down to-night from Pomeroy.

The Keystone State will pass down this evening. She left Pittsburg loaded to the guards.

A coalboat stage is expected at Pittsburg all week, and shipments will likely be sent out daily.

Enquirer: "When the Government survey of the Ohio river is made one of the important things that should be done is to locate a line of ice harbors, not farther apart than a towboat on the down-stream run can travel in daylight. They should be spacious, with plenty of lights and hitching posts. The need of these things has been expensively demonstrated during the last three weeks."

The three-story brick warehouse, No. 124 Market street, property of Mrs. Mary T. Cox, will be offered at public auction to-morrow morning at 10 o'clock. Sale will take place on the premises. If you wish to invest in a desirable piece of property, be on hand.

BORN AT GERMANTOWN.

Mrs. Maria (Savage) Swinney Passed Away at Glasgow, Mo.—Was a Daughter of Rev. James Savage.

[Glasgow, Mo., Globe.]

Mrs. Maria Caroline Swinney, wife of Rev. James Oswald Swinney, died at her home in Glasgow, on Saturday morning, January 21, 1899. She was the daughter of Rev. James Savage and wife, and was born in Germantown, Mason County, Kentucky, June 22, 1832. After receiving a good common school education at home, she graduated at a college in Hillsboro, Ohio. She was married to our loved and bereaved Brother Swinney, November 10th, 1852. They commenced their separate home life the following spring, on what was then known as the Hazel Ridge farm, on which is situated the present village of Steinmetz. Here they lived for a number of years, and here were born their two children, Annie and Billy. These were years which passed too soon away, yet left behind them many pleasant memories. In 1857, and after her husband had joined the church, she became a teacher in the Sabbath school in Glasgow, and served as such, regularly and faithfully, until the failure of her health, a few years ago. Her health was never good, and she was often laid up in great pain; but according to her strength her life was passed in doing all the good she could to others, especially to the poor and needy. The motherly nature in her was exceedingly strong, and having but two children of her own, her heart seemed to go out to all other children. She gladly joined her husband in caring for orphan children, and though feeble herself, she loved to foster them and to care for them. She never failed to win the love of all the children with whom she came in contact, so that their home in the country was sometimes called by others the orphan's home. So strong and quick was her sympathy with children, that they often seemed to infuse new life into her, and no doubt thus prolonged her own life many years. When by a sudden and violent attack of scarlet fever, she lost her own little boy, at the age of five and a half years, her grief was so great as to be almost insupportable. She found no comfort till one day having fallen asleep, in the room in which he died, she felt conscious that he was with her, that he pressed a kiss on her lips, with his arms clasped around her neck. She never doubted to her dying day, that it was a vision sent of God to assure her that Billy lived and loved her still.

The years passed on and Annie, dear Annie, whom we all honor and loved so well, had grown up, had finished her Academic course in one school here, had married under most favorable auspices, and was settled in life with the fairest earthly prospects. Before three years, however, her earthly life was closed, by a malignant attack of typhoid fever. She left as a precious charge to her family, a little girl, Berenice Scarratt, about the age of fifteen months.

In March of last year, she had a slight stroke of paralysis, from the effects of which she never entirely recovered; so that this month, while suffering from an attack of grip, and a second heavier stroke of paralysis came, she never fully rallied. She was, however, partially conscious, and by a look of yearning love, and a pressure of the hand was able to show her recognition of some of the loved ones round her bed, especially of her adopted son and daughter, Frank and Mary, now grown and married, of whom she took charge when little children, as well as of her loved nephew, Oswald Barton. To these, even this faint recognition will always be a priceless memory. At times she faintly recognized other dear friends, who ministered to her in her last hours but could convey no expression of her love. Her husband was confined by severe illness in another room, and could not be present when the end came.

MURPHY, the jeweler.

Discovered by a Woman.

"Another great discovery has been made, and that too, by a lady in this country. 'Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz.' Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed."

PUGH ENDORSES COCHRAN.

The Federal Judgeship Contest Still Enlivening Kentucky Affairs at Washington City.

[Courier-Journal.]

WASHINGTON, February 27.—Representative Pugh announced to-day that he had withdrawn from the Kentucky Judgeship fight. A gentleman who called at the White House in his interest was informed by the President that he was not willing to have his majority decreased in the House by appointing Mr. Pugh.

Mr. Pugh and Solicitor Thomas at once endorsed Judge A. M. J. Cochran, of Maysville, for the Judgeship. This endorsement has raised a row among the Evans followers. They claim that Mr. Pugh and Mr. Evans had an agreement by which Pugh was to endorse Evans should he keep out of the race, and vice versa. Judge Cochran, however, is from Mr. Pugh's district, so even if there was an agreement a good excuse for breaking it is offered.

Arrangements have been made for Senator Deboe to see the President and talk the matter over to-morrow. It is probable that something will then be forthcoming about the present much-muddled condition of affairs. The Senator will urge the appointment of Attorney General Taylor.

It is learned to-day that Senator Deboe is more opposed to the appointment of Judge Cochran than that of Col. Evans, and in the event the contest is narrowed down between the two he will endorse the latter.

To-night the Senator's friends believe Taylor will carry off the honors, and are figuring on second choice, like Judge Holt or Dan Lindsey, of Frankfort.

The Evans followers are still pointing to the turndown of Senators Cullom and Mason, of Illinois, last week, and saying that the President may decide to do as he pleases and appoint Evans.

FOR THE FARMER.

Good Horses Will Soon be a Scarce Article in This Section—Money in Breeding to Fine Stock.

Mr. Sanford C. Carpenter shipped from Wells & Biggers' stable Tuesday a fine lot of horses and mares purchased in this neighborhood. They go to Atlanta, Ga. This means a distribution of several thousand dollars among the farmers, and Mr. Carpenter will be here again about the middle or the last of the month and will continue to make monthly visits, in addition to the other horse buyers, and it will be but a short time until good horses will be very scarce. As a natural result prices must go up.

In view of this fact would it not be wise for farmers who own good brood mares to breed them to some of the fine saddle or coach horses, as such horses are always in demand and if sound and all right bring good prices? Don't wait until it is too late; give the matter consideration now.

Due notice will be given through Wells & Biggers of Mr. Carpenter's next visit.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

Honest Advertising The Only Kind That Pays.

We don't advertise as much as the older clothing houses. We try not to do it in the same way. We want our ads to look honest, because they are honest. We know that unless we back up our honest advertising with honest goods at honest prices, whether these prices are regular prices or cut prices, the advertising will do more eventual harm than present good. We started this business on these principles, and we've made a great start. We're going to keep on this way to greater success. We invite you here to see, and when you buy, if for any reason you get dissatisfied, bring back our goods and get your money. Now we let profits go to make goods go.

The bane of most clothing stores is old stock and we are determined at all hazards to have none. This end can be accomplished in but one way, move the winter goods now! How? By cutting prices—cutting prices without counting the cost in loss of profits. We can better afford to do business at a loss for a short time than to come to spring loaded with winter stocks. So off with the profits and out with the goods—new, clean, up-to-date, high grade goods, such as no other house in Maysville can show, at prices lower than others ask for old goods. It's to go as long as the necessity exists. Suits and Overcoats one of a kind cost will not be considered.

THE DISSOLUTION SALE

Still continues. The question that has been asked us so often in the past few days is, "Are you really going out of business, or are you just doing like so many others—trying to reduce your stock at this the dullest season of the year?" Those who have been in and learned the prices that we are making on our fine goods have no doubts. You who have been in, and who do not avail yourselves of the benefits of this, the greatest sacrifice sale ever made in this city, will be the losers.

We state most positively
that Lee & Ballenger are
going out of business, and
are selling their entire stock
of Men's, Boys' and Children's
Tailor-made Clothing and Men's
Furnishings of every kind, Hats and Caps

Our line of FINE STIFF HATS we believe to be one of the best stocks in the State. All of these goods will be offered and sold at less than half their real value. This sale will continue until the whole stock is sold out and the business of the firm settled up. It will pay you to see these goods for present or future use. You will surely never again get them so cheap. If we were going to continue in business we would not think of selling these goods at the prices they are going for.

WE ASK YOU TO COME IN
AND SEE THE DIFFERENCE
BETWEEN A GENUINE CLOSING-OUT-TO-QUIT-BUSINESS
SALE AND THE FAKES SO
FREQUENTLY ADVERTISED!

In twenty years in business in this city we have never advertised anything that we did not do. We stand upon our record. This sale is the real thing—closing out dissolution to retire from business at prices never before equaled and perhaps never will be again. You can't afford to miss it. Respectfully,

LADIES' LEAGUE.

One Suggested to Promote the Business Interests of the City.

The ladies of the city of Maysville and vicinity are respectfully requested to take steps to form an association looking to the welfare of our city. The one important thing to consider will be to promote its business interests. Let the league have for its motto, "Patronize Home Institutions."

In this way trade will be stimulated and our merchants will purchase a larger and more complete line of goods; a greater demand for goods will enable them to sell for smaller profit, and this will result in much good to our community. It means employment for more young persons who desire to follow commercial pursuits.

You can get the worth of your money at home, and in addition sustain home institutions.

Ladies, as you love your own home and are proud to say you are a resident of Mason County, call a meeting for the above purpose. Any three ladies desiring to have such a meeting can leave word with the BULLETIN, and a place of meeting will be provided.

POLITICS IN IT.

Intimated the President May Use the Federal Judgeship to Patch Up Peace in the G. O. P. Ranks.

FRANKFORT, Ky., February 27.—The news from Washington that Attorney General W. S. Taylor was there as an applicant for the District Judgeship to succeed Judge Barr, came as a surprise to the other Republican officials here, though Taylor told one friend before leaving Frankfort that he would not apply for the place unless he found he had a cinch on it.

It is presumed that the President, if possible, will endeavor to make some sort of a deal in the appointment by which he hopes to unite the two leading factions of the party in this State.

Taylor is the head man in the Hunter wing, and if by appointing him the Hunter leaders would agree to allow a candidate of the Bradley wing to be nominated for Governor this year it might be a good political move in the President to appoint him.

As the matter now stands Taylor looks to have a sure thing for the gubernatorial nomination, but he would rather have the life Judgeship than a nomination that is sure to result in defeat in November. It is conceded that if Dr. Hunter has enough influence Taylor will be the Judge, and a new slate for the coming State ticket will be made up.

CAVE-IN IN A MINE.

Several Coal Diggers Caught and Either Crushed or Entombed.

Wilkesbarre, Pa., Feb. 28.—An extensive cave-in occurred in the Delaware and Hudson mine at Millcreek, killing one man and severely injuring two others. It is feared several other men were either crushed to death or entombed. A rescuing party found Thomas Coffield crushed to death, being horribly mangled, and near by were Jacob Reinhard and Michael Yamroski, who had been caught under the same fall and badly crushed. They are still alive.

One Up For Life.

Jackson, Wis., Feb. 28.—The famous Lipscomb poison case of Kemper county was affirmed in the supreme court and the defendant, Dr. W. H. Lipscomb, is now doomed to spend the remainder of his life in the penitentiary. Lipscomb was convicted of poisoning Charles T. Stewart for the purpose of getting the benefit of the life insurance. This is the second time the case has been in court. The first was a death sentence.

Creditor Bought It In.

Florence, Wis., Feb. 28.—The Florence mine and all other property of the Florence Iron River company, including over 4,000 acres of land in Forest county, Wis., has been sold. Ernest Thalman, of New York, was the purchaser. Thalman was a heavy creditor. The receiver will probably be discharged on March 15 and mining operations resumed. The mine produces non-ferrous ore.

Baseball Magnates Meet.

New York, Feb. 28.—The annual schedule meeting of the National Baseball league, now on here, promises to be one of the most interesting and protracted sessions ever held by that body. The Brooklyn-Baltimore and Cleveland-St. Louis deals, changes in playing rules, the 12-club circuit and other knotty problems will be discussed and probably adjudicated.

Washington, Feb. 28.—A favorable report on the proposed constitutional amendment prohibiting polygamists from being elected to congress, was made at the house by Representative Capron of Rhode Island in behalf of the committee on election of president and vice president. It refers to the case of Representative-elect Brigham H. Roberts of Utah as one of the causes for renewing attention to the subject.
